

CMRS November Newsletter

C.M.R.S Grade 3-4 News

Attendance! For the month of September and most of October 2020, you most likely have noticed we've been on a group A and group B system. This was designed to ensure the health and safety of all students and staff in our facility. In Grade 3/4; Group A has 13 students registered and on average we see 7-8 of those students daily. Group B has 11 students registered and on average we see 5-6 of those students daily.

Academics! As part of the Blended Model, we have been providing all students with a homework package every week to ensure your student maintains their upward curve to excellence! We are now asking for your support to partner with our school by returning the homework packages for grading and assessments for TERM 1 report cards. The Blended Model is designed to be a partnership between families and The Chief Moses Ratt school to work together for the safety of our community!

Our classroom set up is designed to keep your child safe and all staff who come through our doors safe. We all maintain our own safe zones and the students maintain their "bubble"! We have cleaning procedures in place and we feel confident that we are prepared for students to be in the classroom.

Grade 3-4 News Continued

Chief Moses Ratt School is starting up Monday, November 2nd, 2020 for in school instruction and we welcome you to call your children's teachers with any concerns or comments regarding our plans to reopen.

Ms. Fosseneuve

Land-Based Staff News

Staff at Mile 24 are preparing for winter and were able to set nets for fish and opening the rabbit snaring trail. They will be ready for students when they arrive. They continue to work on staying safe and doing their best to follow the school's safety plan. They are busy stocking wood and food as time allows them to work outdoors. They encourage the community to join them any time. Just let them know if you are planning to visit so they can you a traditional meal. They want to thank you for giving them the opportunity to share the gift we are blessed with. Stay safe. LB Staff

Reminders to Parents

- Due to Covid-19 we will not be having any Halloween Celebrations. We will however be handing out candy bags for **registered** students. If parents are going to take their children Trick or Treating we strongly urge to take precautions and check on Covid-19 updates and information for our area.
- We will continue adhering to health precautions and be mindful to respect and follow all health guidelines

Food Hampers

You will notice our CMRS Crew delivering Food Hampers to School Families this week. We hope you enjoy the goodies and Hallowe'en candy for the children. We want them to know we are thinking of them and miss them. We hope everyone stays safe.

Please remind your children to stay off the ice until the lake is safe. Thank you.

Extra-Curricular

We will keep you updated on upcoming events.

IMPORTANT DATES:

November 2 - school will re-open for ALL CMRS students! We are discontinuing the Blended Learning Model and going back to the traditional model. We continue to work on making the school safe for the children. We follow all safety protocols (masks, sanitizing, social distancing, etc.).

School Closed: November 11, 12, 13
Remembrance Day, First Nations Unity Day, Staff P.D.

No School Friday afternoons for staff professional development

Friendly Reminders

Parents: If children are working on Distance/Online Learning, make sure they are logging in when their teachers set a time.

There are still some students who need to pick up their Chrome Books and parents need to sign for them. Thank you for your support!
